

Report for Parish Meeting 2022

St Nicholas' Chapel Gipping

We have been pleased to welcome Revd. Carl Melville as our new Chaplain. He managed to take one service at Gipping before lockdown and then during lockdown offered the benefice online services and some open-air drive-in services. The church was open for visitors and private prayer. For the past two years the Carol Services have been enjoyed outside in the Churchyard - with the help of a sound system (Thanks to Andrew Stringer)

As and when possible two children were christened and there was one wedding with numbers limited by Covid.

When 'Lockdown' was lifted people enjoyed the opportunities to meet again at our usual fund-raising Mini Fete and Coffee Morning.

The church with it's beautiful window and the Tyrell connections continue to attract visitors from far and wide.

With restrictions lifted we have now resumed our monthly afternoon service followed by a drink and biscuit together.

The committee are very grateful to everyone who supports the chapel and help to maintain it for everyone to enjoy.
