

Philip Groom Report – Village Hall

Village Hall – largest facility in the village and the field behind and there is a lot involved. Thanks to the committee for their tireless work involved in keeping the village hall – Thanks for the package for the children’s play equipment that is fabulous.

Next thing is the redevelopment of the hall. Focusing on what we need – bar and kitchen will become one with a new corridor and more storage for the under 5’s. the quotes are coming in and a package is being developed to move this project forward. Usage of the hall is good and we are hoping to deliver the service with the playing field and the hall with the sports and social club on the 4th June to commemorate the queens jubilee.
